

To: *Commissioner*

I am aware of the issue Docket # 98P-0151/CP1 to protect consumers from the production of downed animals. I am writing you this letter to inform you that I am for the act and hope that you will also vote in favor of this ~~most needed act~~. I became aware of such issues through my English class while reading Upton Sinclair's The Jungle. This book addresses the issue at hand and at the time it was written a similar act to Docket # 98P-0151/CP1 was passed to stop the production of downed cows. This took place in 1906 with the Food and Drug Act; however, apparently downed cows are continue to be a problem. Thank you for your time.

Sincerely,

*Marta Dominguez*
